Light up your classroom for learning!

A range of robust interactive whiteboards in sizes up to 110" diagonal, powered by the award winning mimio technology

Today's students are increasingly "tech savvy" and visually engaged. When used with a projector, mimio Board provides an interactive platform from which teachers can utilize the rich resources of the digital age to engage student attention and stimulate interest in learning. With mimio Board, teachers can browse educational web sites, navigate interactive instructional CDs and control PowerPoint, Word documents and Excel spreadsheets directly from the whiteboard.

Featuring

mimio Studio

Powerful interactive resources and content creation software

Meets the needs of the most demanding interactive whiteboard user!

- Rich array of interactive digital ink pens, graphics, text and image tools accessible from mimio Tools palette
